

# SOME CASE STUDIES

## CHAPTER CONTENTS.

---

📅 10 Dec 2025

Here are some examples of work with **Causal Map** and causal mapping, and also with Qualia interviews.

### PAGES IN THIS CHAPTER

#### 📄 **AI-assisted causal mapping. Uncovering causal pathways with INTRAC**

We partnered with INTRAC on a project for the SCC (Strengthening Civil Society) programme. This programme is led by a consortium of four organisations: PAX, ABAAD, DefendDefenders and Amnesty International Netherlands, with INTRAC serving as the MEL partner. INTRAC is a non-profit organisation with a deep commitment to understanding and improving the practice of civil society worldwide.

#### 📄 **DUOC UC. Evaluating Gender Equity in STEM with AI-Driven Interviews**

06/08/2024

#### 📄 **Strengthening OH with causal mapping**

Here is a version of the final text. Check the official publication [here](#)

#### 📄 **Tree Aid - Empowering Communities Through Forest Management in Burkina Faso**

11/12/2025

#### 📄 **Using AI to facilitate feedback on the learning experiences of doctoral students**

The Causal Map team has conducted a trial of an innovative approach to securing feedback from students using online open-ended interviews conducted by the app [QualiaInterviews](#), which uses generative AI (gen-AI), followed by a second use of gen-AI within the app **Causal Map** to semi-automate causal coding of the narrative transcripts thereby generated. The trial was conducted with students registered on the doctorate in policy research and practice (DPRP) at the **University of Bath**.
