

HELP SYSTEM

? What you can do here: Get instant help and guidance while using CausalMap. Search for specific topics, browse documentation by section, or click the question mark icons throughout the app for context-sensitive help. The help system adapts to what you're currently doing. Also view the entire help contents as a separate Guide.

Main Features:

- **Help drawer:** Right-side drawer with collapsible sections
- **Smart search box** at the top of the help drawer. If you enter multiple words, either word matches. To match exact phrases, use quotes.
- **Context-sensitive help:**  Click the blue buttons within the app next to open the help drawer.
- **App hints:** When you click a section in the help drawer which refers to part of the app, that element flashes briefly.
- **Standalone help:** The same help information is available as a [section](#) within our [Guide to causal mapping](#).
